

As a CME provider accredited by an ACCME-Recognized Accreditor (state/territory medical society), does the ACCME's February 2014 simplifications of its accreditation requirements and processes apply to my organization?

Published Date: February 25, 2014
Last Revised: February 25, 2014

Yes. The February 2014 changes to ACCME's accreditation requirements and processes apply to all accredited providers within the ACCME accreditation system. ACCME Recognized Accreditors are responsible for implementing these changes for intrastate providers. Please check with your accreditor about the implementation process.
